

Our Statement of Purpose

We are deeply committed to providing significant and tailored support for children with Special Educational Needs and Disabilities (SEND).

Our experienced team works closely with families, offering guidance, understanding, and practical help in navigating systems, appointments, and the pressures that can come with additional needs.

By supporting the whole family, we create the best possible foundation for every child's success.

Our investment extends beyond the children and families to our dedicated team, ensuring they have the tools, support, and professional development needed to provide exceptional care.

We prioritise robust supervisions, annual appraisals, and dedicated evening staff meetings to ensure all team members can contribute and grow.

A cascade of benefits is in place to support not only our staff but their families too, fostering a positive work-life balance.

At Kids Nursery, we believe in the power of collaboration. We actively listen to the views of professionals, staff, and families, valuing their insights to continuously enhance our practice.

Our open-door policy ensures that every voice is heard, providing dedicated listening time and fostering strong relationships that shape and strengthen our support.

Above all, we strive every day, hour, and minute to bring more smiles and achievements, we celebrate every milestone, encouraging every step, and ensure that each child experiences joy, success, and a sense of belonging in their journey with us.

We are incredibly privileged that families continue to support and cherish Kids Nursery even after their children move on to school.

As one grateful Dad once said:

“

I will always be grateful for finding Kids nursery. They helped my son to talk, so he could say 'Hello Daddy 'when I got in from work. They are one in a million, and every day my son reminds me of the time I said 'yes 'to Kids Nursery team looking after my son.

”

It is these lasting connections and heartfelt moments that drive us to continue making a difference in the lives of every child and family who walks through our doors.

Together, we can break down barriers.
