

## London Borough of Lambeth

The support provided to London Borough of Lambeth was delivered through the Department for Education funded Participation, Family Support and Advice Contract which Kids delivers alongside consortium partners CDC, the NNPCF, and Contact.

Representatives from Kids<sup>7</sup> worked with Lambeth's Preparing For Adulthood (PFA) Coordinator to develop and deliver a support package that met the acknowledged needs of the area (as identified below in the support overview).

### Lambeth's Support overview:

1. Support for newly recruited SEND Youth Involvement Coordinator
2. Develop a video to share information around participation, in order to educate and obtain buy in from young people and practitioners.

Lambeth want more young people to be involved in decision making, especially around the things that are important to you.  
  
We call this PARTICIPATION!

## 2.1 Recommendations

Throughout this report we have made recommendations based on the development and outcomes of the support meetings, the video output, and combined with over 8 years' experience working on participation with local authorities across England.

***Recommendation 1: Implement actions, use skills and apply knowledge shared by the Kids team during support.***

***Recommendation 2: Research other mechanisms for gathering youth voice and test.***

***Recommendation 3: The video should be shared across Lambeth's media platforms, the local offer and within education, health and social care provisions for young people.***

Kids would like to maintain contact with the local area, being kept informed of progress against the above recommendations.
