

South Gloucestershire Council.

The support provided to South Gloucestershire Council was delivered through the Department for Education funded Participation, Family Support and Advice Contract which KIDS delivers alongside consortium partners CDC, the NNPCF, and Contact.

A representative from KIDS¹ worked with South Gloucestershire's Children's Participation manager to develop and deliver a support package that met the acknowledged needs of the area (as identified below in the support overview).

South Gloucestershire's Support overview:

Support provided involved:

- Creating a video to share the participation opportunities that are available in the area and generate interest in a SEND group that is in development.

2.1 Recommendations

Throughout this report we have made recommendations based on the development and outcomes of the session, combined with over 6 years' experience working on participation with local authorities across England.

Recommendation 1: *Recommendation 1: Videos should be shared across South Gloucestershire media, local offer and within education, health and social care provisions for young people.*

Recommendation 2: *After initial scoping, engage the target cohort in places that they regularly frequent to develop rapport before bringing them into a centralised group.*

KIDS would like to maintain contact with the local area, being kept informed of progress against the above recommendations.
